1. Competition Overview

1.1 Purpose

The Indiana Esports Network (IEN) establishes this ruleset to define the official competition standards for **Valorant**.

This document provides the information required for schools, coaches, and students to participate in IEN competition.

All participants must also follow the requirements established in the current IEN Member Handbook.

1.2 Competition Model

Competition Type:

Team-Based

Description:

Valorant is a team-based tactical first-person shooter in which two schools compete using teams of five players. Teams alternate between attacking and defending objectives across a series of rounds. The attacking team seeks to plant and detonate the Spike, while the defending team attempts to prevent the plant or successfully defuse the Spike. Teams earn rounds through objective completion or by eliminating all opposing players. Success requires precise communication, teamwork, strategic agent selection, map control, and coordinated execution of tactics throughout the match.

Coach requirements:

All coach eligibility, supervision, and participation requirements are governed by the IEN Bylaws and General Competition Rules.

3. Match Format

3.1 Competition Format

Valorant competitions shall be conducted in a **5-versus-5 team format**, with each school fielding five eligible players for each match.

- Matches shall be played using the current competitive ruleset and map pool approved by Riot Games and adopted by IEN.
- Teams alternate between the **Attacker** and **Defender** roles during the match.
- The Attacking team attempts to plant and detonate the **Spike**, while the Defending team attempts to prevent the plant or successfully defuse the Spike.
- A round may also be won by eliminating all opposing players.
- The first team to win **13 rounds** is declared the winner of the map.
- Teams switch sides after the first **12 rounds** of play.

Overtime

If the score is tied **12-12** at the end of regulation:

- Overtime procedures shall be conducted in accordance with the current Riot Games competitive ruleset and IEN competition policies.
- Play shall continue until a winner is determined.

Match Winner

- The team that wins the required number of maps for the match format shall be declared the match winner.
- Regular season matches shall be played as **Best-of-One (Bo1)** unless otherwise specified by IEN.

- Postseason matches may be played as **Best-of-Three (Bo3)** or another format determined by IEN.

If a map is tied **12-12** at the end of regulation play, overtime shall be played in accordance with the current Riot Games competitive ruleset.

- Teams shall continue playing overtime rounds until a winner is determined.
- Overtime shall consist of alternating attacking and defending rounds as specified by the game.
- The first team to achieve the required overtime victory condition shall be declared the winner of the map.

Match Ties

Valorant matches cannot end in a tie. If a winner cannot be determined due to technical issues, server failure, or extraordinary circumstances, League Administration may:

- Restart the map.
 - Resume play from an approved game state when supported by tournament tools.
 - Award a forfeit if applicable.
 - Issue any other ruling deemed necessary to preserve competitive integrity.
