1. Competition Overview

1.1 Purpose

The Indiana Esports Network (IEN) establishes this ruleset to define the official competition standards for **Minecraft**.

This document provides the information required for schools, coaches, and students to participate in IEN competition.

All participants must also follow the requirements established in the current IEN Member Handbook.

1.2 Competition Model

Competition Type:

☐ Team-Based

Description:

Minecraft BedWars is a team-based competitive strategy game where schools field teams of four players. Teams compete in a Best-of-3 map series on CompMC servers, earning points through final kills, bed destructions, and map victories. Scores are accumulated across all maps to determine the match winner, while regular season standings are based on total score, strength of schedule, match wins, and match losses. All varsity teams qualify for a single-elimination playoff bracket.

3. Team and Player Structure

3.1 Roster Information

Requirement	Details
Minimum Roster	5
Maximum Roster	6
Active Players	5

3.2 Coaches

Coach requirements:

All coach eligibility, supervision, and participation requirements are governed by the IEN Bylaws and General Competition Rules.

3. Match Format

3.1 Competition Format

Match Format: All regular season and playoff matches are played as a **Best-of-Three (Bo3)** series. Each series consists of up to three BedWars games played on the following maps in order:

1. Undergrowth
2. Savoy
3. Riptide

At the end of the series, points from all maps are **combined to determine the overall match standings**. A game winner is determined when only one team's players remain alive, all other teams have been eliminated, or the game timer expires.

3.2 Match Structure

A team's score is determined by gameplay performance across all maps. Teams earn points as follows:

- **Final Kills:** 1 point each
 - **Beds Destroyed:** 5 points each
 - **Game Win (Last Team Standing):** 3 points
 - **Self-Elimination After Bed Destruction:** -1 point
-

3.3 Tie Procedures

Tiebreakers are applied in the following order:

1. Map Wins
2. Beds Destroyed
3. Final Kills

If teams remain tied after all tiebreakers are applied, an additional head-to-head tiebreaker game is played using the next map in the rotation until a winner is determined.

4. Competition Schedule
