BRAND FOUNDATION

IEN should feel credible, energetic, inclusive, and easy for coaches to use. The brand carries the seriousness of school athletics with the momentum of competitive gaming.

PURPOSE

Prepare students for the future through collaboration, communication, creativity, and critical thinking through video games and esports.

BRAND PROMISE

IEN gives Indiana schools a trusted, educator-led place for students to compete, belong, and grow.

APPROVED BOILERPLATE

Short: Indiana Esports Network is a nonprofit scholastic esports organization serving Indiana schools through competition, community, and career-connected learning.

Standard: Indiana Esports Network (IEN) is a nonprofit organization founded and led by Indiana educators. IEN operates scholastic esports leagues and events that help students compete, belong, and build future-ready skills through gaming.

WEBSITE

Use this guide for page colors, logo placement, headings, downloads, and public copy.

SCHOOL FLYERS

Use approved logos, IEN Navy, Torch Gold, and simple coach-friendly language.

STREAMS

Keep overlays legible. Use the icon only when space is tight and the IEN name appears elsewhere.

PRESS

Lead with IEN's educator-led nonprofit role and student opportunity.

OFFICIAL MARKS

Use the provided logo files as-is. The logo mark, torch, stars, and wordmark should never be redrawn, rebuilt, stretched, or recolored.

PRIMARY HORIZONTAL

Best for light pages, printed documents, coach packets, and sponsor decks.

TRANSPARENT HORIZONTAL

Use on dark navy, black, or approved image backgrounds with enough contrast.

STACKED MAIN MARK

Use when a square or centered layout is stronger than the horizontal lockup.

ICON

Use only when the audience already knows IEN or when space is very small.

CLEAR SPACE

Keep open space equal to at least the height of the torch flame inside the mark.

MINIMUM SIZE

Horizontal logo: 180 px digital or 1.5 in print. Icon: 40 px digital minimum.

CONTRAST

Transparent white logo files belong on dark or image backgrounds only.

CO-BRANDING

Pair school and IEN logos with equal breathing room. Do not make a new combined logo.

COLOR PALETTE

Core colors should drive official IEN materials. Website support colors can help with digital UI, alerts, labels, and secondary text.

Uppercase section labels, event titles, and calls to action.

BODY

Lato 400, 700

Guidance, paragraphs, captions, tables, and coach communications.

LOGO WORDMARK

Custom artwork

Do not recreate the IEN wordmark with a font.

COACH CHECKLIST

Run through this before posting a school graphic, event flyer, stream overlay, newsletter item, or sponsor-facing material.

DO

- Use approved PNG files from the brand kit downloads.
- Keep IEN Navy, Torch Gold, and white as the dominant colors.
- Use the full Indiana Esports Network name on first mention, then IEN after that.
- Describe schools as IEN member schools or participating schools.
- Send high-visibility public designs to IEN when the placement is prominent or sponsor-facing.

DON'T

- Do not stretch, rotate, recolor, outline, or add shadows to the logo.
- Do not place white logo text on light or busy backgrounds.
- Do not rebuild the wordmark with a font or recreate the torch icon.
- Do not imply that a school-run event is officially operated by IEN unless IEN has approved that language.
- Do not use Signal Red as decoration; reserve it for urgent notices or warnings.

FINAL REVIEW

- ☐ Use the approved logo file for the background you are placing it on.
- ☐ Keep enough clear space around the logo.
- ☐ Use IEN Navy and Torch Gold as the primary brand colors.
- ☐ Use Oswald for short headings and Lato for readable body copy.
- ☐ Name the league correctly: IHSEN, IMSEN, IUEN, or Indiana Esports Network.
- ☐ Use student-first, coach-friendly language.
- ☐ Ask IEN before using the brand in merchandise, paid advertising, or large public signage.
